GOLFE DE SAINT TROPEZ

DOG-FRIENDLY BEACHES IN THE GULF OF ST TROPEZ

In the Gulf of St Tropez, each commune has its own regulations (municipal by-laws). For this reason, the rules for accessing beaches with a dog are not the same from one commune to another and may vary according to the season. Some communes are more tolerant than others.

RAMATUELLE :

Dogs are allowed on the coastal path and all the beaches in the commune, all year round, whatever the season., if they are kept on a lead.

SAINTE MAXIME :

Two seaside areas are open to dogs, provided they are kept on a lead:

- The first one is located on part of the town centre beach, near the Préconil bridge, with dedicated signage.
- The other one, on the landward part of the Pointe des Sardinaux.

From **1 October to 31 May**, they are tolerated on the Croisette, Eléphants and Madrague beaches.

However, these areas will be maintained from one year to the next only if dog owners respect the cleanliness of the area by using the dog waste bags provided for this effect and installed in a self-service area around the sites concerned.

CAVALAIRE :

Dogs, kept on a lead, are allowed on all beaches from **9pm to 6am**, all year round.

GASSIN :

Dogs, kept on a lead, are allowed on the Moune and Treizan beaches.

GRIMAUD :

From **16 September to 31 May**, dogs are allowed on all the beaches in the commune, all day long.

From **1 June to 15 September**, they are permitted on all beaches **from 9pm to 6am** (they remain accessible all day for guide dogs).

Dogs are not allowed in any of the bathing areas.

They must be kept on a lead on all the beaches.

LA CROIX VALMER :

From **01 May to 30 October**, dogs kept on a lead, may be walked, trained and allowed to swim on all the local beaches in the evenings **from 8pm to 7am** (dogs used to help disabled people and dogs trained for sea rescue are permitted without restriction).

The rest of the year, dogs are allowed without restriction, provided they are kept on a lead.

Dogs are allowed on the coastal path but must be kept on a lead.

MARINES DE COGOLIN :

Dogs are welcome on the beach of Les Marines de Cogolin, all summer long from **7pm to 1am**, provided they are kept on a lead.

Swimming is permitted at nightfall.

Be sure to take your dogs for a walk before entering the beach to ensure they don't defecate on the sand.

USEFUL INFORMATION :

- **Veterinary practice Dr Schneider** : 244 Route du Plan de la Tour, 83310 Grimaud:
Tel : 00 33 4 94 56 16 37
