

WHAT  
TO DO ON  
A RAINY DAY?  
2024

GRIMAUD  
LA MER A SON VILLAGE

GOLFE DE SAINT TROPEZ

Grimaud and the Gulf of Saint-Tropez are particularly privileged to enjoy an average of 2,700 hours of sunshine a year, giving a total of around 149 days of sunshine a year.

In this regard, the Var coast boasts the national sunshine record.

However, here too, the sky can darken and the rain come. But don't panic, we've put together a list of things to do in the area on rainy days.
